

UDAY KUMAR

CSE AI & ML Student | Aspiring AI/ML Engineer | Front-End Developer

Nandyal, Andhra Pradesh | 8688729963 | 9499uday@gmail.com

LinkedIn: [linkedin.com/in/uday-kumar-964701380](https://www.linkedin.com/in/uday-kumar-964701380) | GitHub: github.com/udaykumar8688 | Portfolio: udaykumar8688.github.io

PROFILE SUMMARY

Motivated B.Tech CSE student specializing in Artificial Intelligence and Machine Learning at Lovely Professional University. Interested in building intelligent systems and practical software applications. Skilled in Python, AI/ML foundations, data structures, SQL, GitHub, front-end development, Django basics, and project documentation.

EDUCATION

Lovely Professional University (LPU) - B.Tech Computer Science and Engineering, AI & ML | 2025 - 2029 | 3rd Semester

Sri Chaithanya Junior College - Intermediate | 2023 - 2025

Nehru CBSE High School - CBSE 10th Class | 2022 - 2023

TECHNICAL SKILLS

Programming: Python, JavaScript, HTML, CSS

AI/ML Foundation: Artificial Intelligence, Machine Learning fundamentals, model thinking

Computer Science: Data Structures, Problem Solving, Algorithms basics, logical thinking

Tools & Databases: SQL, GitHub, Git, VS Code, Django basics, project documentation

PROJECT EXPERIENCE

AI Resume Analyzer | GitHub: github.com/udaykumar8688/ai-resume-analyzer

- Built a Django-based web application to upload PDF/DOC/DOCX resumes and display an ATS-style analysis dashboard.
- Implemented resume parsing, skill detection, contact checks, section checks, scoring, suggestions, file validation, and media upload handling.
- Used Python, Django, SQLite, HTML, CSS, pypdf, and automated tests to improve reliability and user experience.

School Management App | GitHub: github.com/udaykumar8688/school-management-app

- Built a practical school management application to manage student and school-related information in a structured way.
- Gained hands-on practice with application development, user interface design, database handling, and real-world problem-solving.
- Published the project on GitHub and featured it on LinkedIn and portfolio website for professional visibility.

PYTHON PRACTICE PROJECTS

Band Name Generator, Tip Calculator, Treasure Island, Rock Paper Scissors, Password Generator

CERTIFICATIONS

- Introduction to Cyber Security - Infosys Springboard Course Completion Certificate | March 2026
- Leadership and Teams (PRDV224) - Course Completion Certificate | 9 hours | October 2025

CORE STRENGTHS

- Strong interest in AI/ML, intelligent systems, cyber security fundamentals, and practical software development.
- Quick learner with a project-building mindset and willingness to improve through feedback.
- Good communication, logical thinking, documentation, and public profile presentation.

LANGUAGES

Telugu: Fluent | Hindi: Above Intermediate | English: Above Intermediate | Japanese: Basic

CAREER OBJECTIVE

To grow as an AI/ML and software development professional by contributing to internships, hackathons, open-source projects, and practical applications that create useful real-world impact.
